# **County Budget Cap General Instructions**

- 1. N.J.S.A. 40A:4-45.45 10.a.(1) (P.L. 2010, c. 44) requires counties to use the levy cap calculation that results in the lower Allowable Levy between the 2.5% Levy Cap (1977 Cap) and the 2% Levy Cap (2010 Cap).
- 2. The "1977 Cap" Levy Cap Calculation for **determination** and **budget preparation purposes are combined into one worksheet**. **The worksheet** must be prepared in accordance with N.J.S.A. 40A:4-45.4 with certain qualifications in the application of the provisions of N.J.S.A.40A:4-45.14 (COLA increase) and N.J.S.A. 40A:4-45.15(b) (Cap Banking). Addition of Cap Bank and COLA amounts to the Allowable County Purpose Tax After Exceptions is limited to the amount needed to support curent year budget. However after these additions the "1977 Cap" Allowable County Purpose Tax After Exceptions cannot be greater than the "2010 Cap" Maximum Allowable Levy.
- 3. Similarly, if in 2018, the county's "2010 Cap" Maximum Allowable Amount to be Raised by Taxation County Purpose Tax Levy is lower than the "1977 Cap" Maximum Allowable County Purpose Tax After All Exceptions, counties subject to the "2010 Cap" in 2018 with available Cap Bank can add to the "2010 Cap" Maximum Allowable Amount to be Raised by Taxation County Purpose Levy the amount needed to support the current year budget but the Maximum Allowable amount cannot be greater than the "1977 Cap" Maximum Allowable County Purpose After All Exceptions.
- 4. In instances where the "1977 Cap" and "2010 Cap" Maximum Allowable County Purpose Tax is the same amount, the county has the option of choosing either the 1977 or 2010 Levy Cap in the preparation of its budget. Governing Body must adopt a resolution to exercise which CAP they want to be subject to in 2018
- 5. In any given year when the county is subject to the "2010 Cap", it will be permitted to carry forward a Cap Bank for the next three years, assuming the provisions of N.J.S.A 40A:4.45.46 has not been adopted (Referendum Provision), but it will not be permitted to carry a Cap Bank under the "1977 Cap".
- 6. The worksheets are locked to protect the formulas. The county should determine the 2010 levy cap first, then calculate the 1977 levy cap. The lower cap is the one the county must use.
- 7. Individual worksheets are shown as tabs each is labeled with a number (2010 Cap) or letter (1977 Cap) and a title.

  References in these instructions refer to the tab number. The completed Levy Workbook must be submitted to the Division, via the Financial Automation Submission Tracking (FAST") system.
- 8. Many worksheet cells are color coded. A green cell permits data entry; blue cells are formulas; yellow cells are referenced from another cell or worksheet. All but green cells are protected from user edits.

# Instructions to Complete the 2010 Levy Cap Calculation Worksheets

- 1. The 2010 Cap uses one worksheet for data entry (2010 Cap: Levy Data Entry) and several individual worksheets (Sheets 2-7).
- 2. The workbook is designed to simplify data entry by having the user enter all data on Sheet 1. By filling in the cells on this sheet, worksheets 2-7 will reflect the information and automatically calculate the formulas on each individual worksheet.
- 3. Fill in only the green sections of this worksheet to enable calculation of the "2010 Cap".
- 4. Select the County Name by clicking the blue cell on the 2010 Levy Cap Data Entry Tab Cell B4 then click on the arrow on the right side to choose. This will populate the name and municode throughout the workbook. Then continue to complete each of the following sections.
- 5. For Counties subject to the "2010 Cap in any giver year, the Cap Bank is prepared by the Division and it is made part of the Levy Workbook (Exhibit D-2010 Levy Cap Bank). The Cap Bank is available for utilization for the next three succeeding years.

# Instructions to Complete the 1977 Levy Cap Calculation Worksheets

- 1. Enter data into the green boxes as required. All other cells are protected.
- 2. There are 3 worksheets for the 1977 Levy Cap calculation. They consist of: A 1977 Cap Exclusions; B 1977 Levy Cap Bank; and C 1977 Levy Cap Determination and Budget Preparation.
- 3. Exclusions sheet (A) Prepared by the Division and made part of this Levy Workbook.
- 4. For the Cap Bank page, please enter the utilization of 2016 and 2017 cap bank in 2018. The Cap balances are established by the Division and are made part of this Levy Workbook.
- 5. The Levy CAP Determination and Budget Preparation Worksheet must be completed based upon the budgeted amounts for the current year. Addition of available 2016 Cap Bank, 2017 Cap Bank and COLA increase amounts are limited to the actual amounts needed to meet the County Local Purpose for Tax per Budget. The county can only use the COLA increase adjustment if a resolution is adopted to duly authorize the increase.
