INTRODUCTORY SECTION

**COUNTY OF MERCER
NEW JERSEY**

To the Honorable County Executive, Members of the Board of Chosen Freeholders and Citizens of the County of Mercer:

The comprehensive annual financial report of the County of Mercer (the “County”) for the year ended December 31, 2008, is hereby submitted as mandated by state statute. New Jersey statutes require that the County of Mercer annually issue a report on its financial position and activity and that this report be audited by an independent Registered Municipal Accountant. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management. To the best of our knowledge and belief, the enclosed data are accurate in all material respects. All disclosures necessary to enable the reader to gain an understanding of the County of Mercer’s activities have been included.

The comprehensive annual financial report is presented in five sections: introductory, financial, statistical, single audit and general comments and recommendations. The introductory section, which is unaudited, includes this letter of transmittal. The financial section includes the general purpose financial statements and the combining and individual fund and account group financial statements and schedules, as well as the independent auditors’ report on these financial statements and schedules. The statistical section, which is unaudited, includes selected financial and demographic information, generally presented on a multi-year basis. The single audit section includes the auditors’ reports and the schedules of federal and state awards. The County is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, the U.S. Office of Management and Budget’s Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and State of New Jersey’s OMB Circular Letter 04-04-OMB.

The financial reporting entity (the government) includes all the funds and account groups of the County of Mercer. Component units, as defined by the Governmental Accounting Standards Board, are not presented, as the State of New Jersey does not require that component units be considered for reporting purposes. The government provides a full range of services, including police and fire protection; sanitation services; the maintenance and construction of roads and related infrastructure; and recreation.

INDEPENDENT AUDITORS' REPORTS

INDEPENDENT AUDITORS' REPORT

The Honorable County Executive and Members
 of the Board of Chosen Freeholders
 State of New Jersey

We have audited the accompanying financial statements of the various funds of the County of Mercer, State of New Jersey (the "County") as of and for the year ended December 31, 2008, as listed in the table of contents. These financial statements are the responsibility of the County of Mercer, State of New Jersey's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the County's 2007 financial statements and, in our report dated December 2, 2008, we expressed an opinion that such financial statements presented fairly, in all material respects, the financial position of the County as of December 31, 2008, in conformity with the basis of accounting described in Note B.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note B, the County prepares its financial statements on the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These prescribed principles are designed primarily for determining compliance with legal provisions and budgetary restrictions as a means of reporting on the stewardship of public officials with respect to public funds. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

In our opinion, because of the County of Mercer, State of New Jersey's policy of preparing its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds of the County of Mercer, State of New Jersey, as of December 31, 2008, or the results of its operations for the year then ended.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the various funds of the County of Mercer, State of New Jersey as of December 31, 2008, and the results of operations of such funds for the year then ended in conformity with the basis of accounting described in the notes to the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2009 on our consideration of the County of Mercer's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the County of Mercer taken as a whole. The accompanying supplemental information presented in the "Supplemental Schedules" section is presented as additional analytical data for purposes of complying with the requirements set forth by the Division of Local Government Services and is not a required part of the basic financial statements. Also, the accompanying schedules of expenditures of federal and state awards are presented for purposes of additional analysis, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and State of New Jersey's OMB Circular Letter 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the general purpose financial statements of the County of Mercer, New Jersey. The supplementary data has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole on the basis of accounting described in the notes to the financial statements.

The introductory section on page one and the statistical section on pages 138 to 143 are not a required part of the financial statements but are supplementary information required by the State of New Jersey. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable County Executive and Members
Of the Board of Chosen Freeholders
State of New Jersey

We have audited the accompanying financial statements of the County of Mercer, State of New Jersey as of and for the year ended December 31, 2008, and have issued our report thereon dated December 11, 2009, which was qualified due to the departure from accounting principles generally accepted in the United States of America referred to in the Auditors' Report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the requirements prescribed by the State of New Jersey, Department of Community Affairs, Division of Local Government Services and State of New Jersey OMB Circular Letter 04-04.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County of Mercer, State of New Jersey's (the "County") internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider deficiency 2008-03 described in the accompanying schedule of findings and questioned costs to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* (CONTINUED)**

Internal Control Over Financial Reporting (continued)

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, we believe that the significant deficiency described above is not a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statements amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and recommendations as items 2008-01 and 2008-02.

This report is intended solely for the information and use of the Honorable County Executive, members of the Board of Chosen Freeholders, management, others within the County, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

NOTES TO FINANCIAL STATEMENTS

COUNTY OF MERCER, NEW JERSEY

NOTES TO FINANCIAL STATEMENTS

A. FORM OF GOVERNMENT

In 1976, the voters of the County of Mercer (the "County") adopted the County Executive Plan of the Optional County Charter Law as the form of government in the County. As required by the Optional County Charter Law, an administrative code ordinance was developed which set forth the form, powers and duties of all agencies of County government. The accompanying financial statements reflect the operations of the County government. Insofar as the Constitutional Offices and Institution of the County operate independently of the County Treasurer, these financial statements do not reflect such operations.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

As set forth by the accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, as noted below, the financial statements of the County of Mercer are reported separately.

The financial statements of the County of Mercer include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the County, as required by the provisions of N.J.S.A. 40A: 5-5. The financial statements, however, do not include operations of the Mercer County Joint Insurance Fund, the County College, the Vocational Schools, the Special Services School District, the Board of Social Services and the Improvement Authority, which are subject to separate examination. Moreover, the assets, liabilities and reserves of the County's constitutional offices and other various departments, which result from the specific activity of the individual activity of the individual office or department and are subject to separate audit, including the Sheriff's Office, Office of the County Clerk, County Adjuster, Surrogate, Geriatric Center, Mercer County Library, Office of the County Prosecutor, County Park Commission and Correction Center, and are not combined with the financial statements of the County of Mercer.

Description of Funds

The accounting policies of the County of Mercer, New Jersey conform to the accounting principles and practices applicable to municipalities and counties that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. These principles and practices demonstrate compliance with the modified accrual basis of accounting, with certain exceptions, and the budget laws of New Jersey and are not in accordance with generally accepted accounting principles ("GAAP"). Under this method of accounting, the County of Mercer accounts for its financial transactions through the following separate funds:

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Description of Funds (Continued)

Current Fund

Represents resources and expenditures for governmental operations of a general nature, including federal and state grant funds, except as otherwise noted.

Trust Fund

Represents receipts, custodianship, and disbursements of funds in accordance with the purpose for which each reserve was created, pursuant to the provisions of N.J.S.A. 40A:4-39.

General Capital Fund

Represents resources, including federal and state grants in aid of construction, and expenditures for the acquisition of general capital facilities other than those required through the Current Fund, including the status of bonds and notes authorized for said purposes.

The Governmental Accounting Standards Board (“GASB”) is the accepted standards-setting body for establishing government accounting and financial reporting principles. GASB’s *Codification of Governmental Accounting and Financial Reporting Standards* recognizes three fund categories and two account groups as appropriate for the accounting and reporting of the financial position and results of operations in accordance with generally accepted accounting principles. This structure of funds and account groups differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the County. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the general-purpose financial statement required by GAAP.

Basis of Accounting

The accounting principles and practices prescribed for municipalities and counties by the Division differ in certain respects from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Revenues are recorded as received in cash except for statutory reimbursements and grant funds that are due from other governmental units. State and federal grants, entitlements and shared revenues received for operating purposes are realized as revenues when anticipated in the County budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the County’s Current Fund. Accordingly, such amounts are not recorded as revenue until collected.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Other amounts due to the County that are susceptible to accrual are recorded as receivables with offsetting reserves and are recorded as revenue when received.

Investments are carried at cost. Purchases are limited by New Jersey Statute 40A:5-15.1 to bonds or obligations of and guaranteed by the federal government and bonds or other obligations of federal or local units having a maturity date not more than 397 days from the date of purchase.

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31 of each year are reported as a cash liability in the financial statements and constitute part of the County's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at the end of each year and are recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specified claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital bonds and notes are provided on the cash basis, and interest on general capital indebtedness is also on the cash basis.

The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

The County's participation in lease purchase agreements is reflected by the annual appropriation of minimum lease payments within the County's operating budgets. The terms of the lease, including the total of all future minimum lease payments, are disclosed solely in the notes to financial statements.

General Fixed Assets

In accordance with Technical Accounting Directive No. 85-2, *Accounting for Governmental Fixed Assets*, as promulgated by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which differs in certain respects from generally accepted accounting principles, the County is required to have and maintain a fixed asset and reporting system.

Basis of Accounting (Continued)

General Fixed Assets (Continued)

Property and equipment purchased by the Current Fund and the General Capital Fund are recorded as expenditures at the time of purchase and are not capitalized.

Interfund receivables in the Current Fund are recorded with offsetting reserves; interfund payables are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Improvement authorizations funded in the General Capital Fund by bonds or notes are recorded as a deferred charge to future taxation and are charged to Current Fund operations as the underlying debt is repaid by budget appropriation.

Budgets are adopted on the same basis of accounting utilized for the preparation of the County's general-purpose financial statements.

Memorandum Only – Total Columns

Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles, nor are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Comparative Data

Comparative total data for the prior year has been presented in order to provide an understanding of changes in the County's financial position and operations. However, comparative data has not been presented in each of the statements, since their inclusion would make the statements unduly complex and difficult to read.

Rounding

Some schedules in the financial statements may have dollar differences due to rounding adjustments.

COUNTY OF MERCER, NEW JERSEY
NOTES TO FINANCIAL STATEMENTS

C. DEFERRED COMPENSATION TRUST FUND

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457 and under the provisions of N.J.S. 43: 15B-1. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, disability, death or severe financial hardship.

The assets of the plan shall be held in trust, under the beneficial ownership of the trustee, with the members of the County freeholders serving as trustee, for the exclusive benefit of the plan participants and their beneficiaries, and the assets shall not be diverted to any other purpose.

D. CASH AND CASH EQUIVALENTS

Cash includes amounts on deposit, petty cash, change funds, and short-term investments with original maturities of three months or less.

Deposits were with contracted depository banks in interest-bearing accounts that were insured under the Government Unit Deposit Protection Act of the State of New Jersey (“NJGUDPA”). All such deposits are held in the County’s name.

NJGUDPA permits the deposit of public funds in the State of New Jersey Cash Management Fund or in institutions located in New Jersey that are insured by the Federal Deposit Insurance Corporation or by any other agencies of the United States that insure deposits. NJGUDPA requires public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or, if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Uninsured and uncollateralized deposits are covered under the unit certificate of eligibility as required by NJGUDPA.

NOTES TO FINANCIAL STATEMENTS

D. CASH AND CASH EQUIVALENTS (CONTINUED)

At December 31, 2008, the cash and cash equivalents and investments of Mercer County consisted of the following:

Cash (Demand Accounts)	\$ 57,895,615
State of NJ Cash Management Fund	879,445
US Treasury Obligations	202,843
Certificates of Deposit	<u>4,467,476</u>
	<u>\$ 63,445,379</u>

During the period ended December 31, 2008, Mercer County held investments in the State of New Jersey Cash Management Fund, and deposits in Hopewell Valley Community Bank, Bank of America, Wachovia Bank, Commerce Capital Management, Sun National Bank, Fidelity Investments, and Commercial Paper through Lehman Brothers and Bank of New York.

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the County's deposits may not be returned or the County will not be able to recover collateral securities in the possession of an outside party. The County's policy requires deposits to be secured by collateral valued at market or par, which is lower, less the amount covered by the Federal Deposit Insurance Corporation (FDIC). The Board of Chosen Freeholders approves and designates the authorized depository institution based on evaluation of solicited responses and certifications provided by financial institutions.

Concentration of Credit Risk – This is the risk associated with the amount of investments the County has with any one issuer that exceeds five percent or more of its total investments. Investments issued or explicitly guaranteed by the U.S. government and investments and the New Jersey Cash Management Fund are excluded from this requirement.

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the County does not have an investment policy regarding Credit Risk, however, the County had no investments that were subject to credit risks as of December 31, 2008. The New Jersey Cash Management Fund is not rated.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. The County does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations. However, its practice is to hold investments to maturity.

D. CASH AND CASH EQUIVALENTS (CONTINUED)

Investments

New Jersey statutes permit the County to purchase the following types of securities:

- Bonds or other obligations of the United States or obligations guaranteed by the United States.
- Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Association or United States Bank for Cooperatives that have a maturity date not greater than twelve months from the date of purchase.
- Bonds or other obligations of the County or bonds or other obligations of school districts that are a part of the County or are located within the County.
- Bonds or other obligations having a maturity date of not more than twelve months from the date of purchase that are approved by the New Jersey Department of Treasury, Division of Investments.

E. BOND ANTICIPATION NOTES

The County issues bond anticipation notes to temporarily finance various capital projects prior to the issuance of serial bonds. The terms of the notes cannot exceed one year, but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid not later than the tenth anniversary of the original note. The State of New Jersey also prescribes that, on or before the third anniversary of the date of the original note, a payment of at least equal to the first legally payable installment of the bonds, in anticipation of which such notes were issued, be paid or retired. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary of the date of the original issue. At December 31, 2008, the County had bond anticipation notes totaling \$25,300,000.

F. BONDS AND NOTES AUTHORIZED BUT NOT ISSUED

At December 31, 2008, the County had bonds and notes authorized but not issued totaling \$134,620,786. Included within the total are debt authorizations for equipment acquisitions and construction, acquisition and/or improvements to County facilities and infrastructure, which were subsequently financed through the Mercer County Improvement Authority (“MCIA”) Government Lease Program.

G. ASSESSMENT AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the local unit tax assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. Upon the filing of certified adopted budgets by the Local Units, Local School District, County and Special Districts, the tax rate is struck by the County Tax Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 13. New Jersey statutes require that each local unit provide for sufficient anticipated cash receipts equal to the "lawful yearly expenditure" that includes the total amount of property taxes to be raised by the local unit that is due the County.

J. PENSION AND RETIREMENT PLANS AND OTHER POST EMPLOYMENT BENEFIT PLANS

Employees of the County of Mercer are enrolled in one of three defined benefit pension plans, two of which are administered by the Division of Pension and Benefits, Department of the Treasury, State of New Jersey: namely, the Public Employees Retirement System (“PERS”) and the Police and Firemen’s Retirement System (“PFRS”). The plans are funded annually based on actuarial contributions. The plans, which cover public employees throughout the state, do not maintain separate records for each reporting unit, and accordingly, the actuarial data for the employees of the County who are members of the plans are not available. Employees are also covered by the Federal Insurance Contribution Act. In 2008, there were \$3,595,299 and \$5,754,395 in employer contributions for PERS and PFRS, respectively.

Plan Description

The County of Mercer(the “County”), contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1986, the County authorized participation in the SHPB’s post-retirement benefit program through resolution number 86-448. The County adopted the PERS requirement of providing continued health care benefits to employees retiring after twenty-five years of service. County eligible employees receive the SHBP benefits as noted in paragraph one.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf

J. PENSION AND RETIREMENT PLANS AND OTHER POST EMPLOYMENT BENEFIT PLANS (CONTINUED)

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the County on a monthly basis. Contributions, funding, and the cost sharing policy, and the manner of administration are determined by the State.

The County contributions to SHBP for the years ended December 31, 2008, 2007, and 2006, were \$4,912,552, \$4,991,018 and \$5,013,344 respectively, which equaled the required contributions for each year. There were approximately 554, 539, and 532 retired participants eligible at December 31, 2008, 2007, and 2006, respectively.

K. UNUSED SICK AND VACATION BENEFITS

The County of Mercer has established a uniform personnel policy procedure that sets forth the terms under which an employee may accumulate unused benefits as follows:

Sick Leave

Sick leave for permanent employees accumulates in accordance with the terms of approved contracts. Any amount of sick leave allowance not used in a calendar year accumulates to the employee's credit to be used if and when needed. Upon normal retirement, employees are entitled to receive a lump sum payment as supplemental compensation equal to 50% of earned and unused accumulated sick leave to their credit on the effective date of retirement, up to a maximum of \$18,000.

Vacations

Vacation pay for permanent employees also accumulates in accordance with the terms of the approved contracts. Accrued unused vacation may be taken as time off at a later date or paid upon cessation of employment.

The County maintains current records of each employee's status relating to earned and unused sick and vacation pay. The estimated cost of unused accrued vacation pay is calculated to be \$3,608,760 as of December 31, 2008. The estimated cost of unused sick time compensation due to employees upon their retirement is calculated to be \$13,661,494 as of December 31, 2008. Management indicates that this amount approximates the calculation as required by GASB No. 16. These amounts are not reflected as expenditures or liabilities in the financial statements of the County.

L. CONTINGENCIES AND COMMITMENTS

General

The County receives financial assistance from the State of New Jersey and the U.S. government in the form of grants, entitlements, and certain program cost reimbursements. Entitlement to the revenue is generally conditional upon compliance with the terms and conditions of the grant agreements and applicable regulations, including the expenditures of the revenues for eligible purposes. Substantially all grants, entitlements and cost reimbursements are subject to financial and compliance audits by the grantors. As of December 31, 2008, the County estimates that no material liabilities will result from such audits.

Debt Guaranteed by the County

The County of Mercer guarantees certain project and revenue bonds and project notes of the Mercer County Improvement Authority. The project and revenue bonds and project notes are used to finance certain projects within the County. The following is a summary of the projects and the status of the debt guaranteed by the County at December 31, 2008. In addition, the County guarantees other bonds of the Mercer County Improvement Authority described more fully in Note M.

NOTES TO FINANCIAL STATEMENTS

L. CONTINGENCIES AND COMMITMENTS (CONTINUED)

Debt Guaranteed by the County (Continued)

- (a) Mercer County Improvement Authority issued accretion bonds. The issued amount includes \$150,000,000 of bonds insured by the Financial Guaranty Insurance Company and \$39,850,000 of bonds that are guaranteed by the County of Mercer. There is a concern that MCIA's revenues will not be sufficient to ensure future payment of these bonds. If this occurs, the County would be responsible for payment of the debt service.
- (b) Mercer County Improvement Authority issued lease revenue bonds. The issued amount includes \$11,808,000 of bonds that the County is specifically responsible for and \$2,767,000 attributable to the Trenton School District, Hopewell Township Fire District No. 1, and the East Windsor Township Rescue Squad District 1, Inc. that the County has guaranteed.

Early Retirement Incentive Program

The State of New Jersey, Division of Pension and Benefits established early retirement incentive programs for eligible individuals in good standing under Chapters 138/181, P.L. 1993 and Chapter 99, P.L. 1993 for ERI 4. The Mercer County Board of Chosen Freeholders elected to participate in this program. The total liability as of December 31, 2008, amounts to approximately \$1,210,000.

The above-noted liability is not included in the financial statements but is provided for in the annual budget appropriations.

Accounts Receivable – General Capital Fund

At December 31, 2008, the County had recorded \$46,275,245 of accounts receivable as financing sources for capital projects authorized. A significant portion of this balance represents approved funding for the underlying projects. In the event that grant and/or contribution agreements are not executed to the extent of the approved funding, the County may: a) cancel the project, to the extent that expenditures have not been incurred; b) amend its authorizing ordinance to substitute County debt for the accounts receivable; or c) raise any shortfalls in accounts receivable as part of the County budget. At December 31, 2008, the County estimates that no material write-offs of General Capital Fund accounts receivable are required.

NOTES TO FINANCIAL STATEMENTS

N. LITIGATION

The County is a defendant in various legal proceedings primarily involving personal injury and property damage claims. These cases, if decided against the County, would either be covered by insurance or raised by future taxation. The County expects such amounts, if any, to be immaterial.

O. INSURANCE

The County has elected to provide a self-insured plan primarily relating to worker's compensation, general liability, unemployment, inmate health care and property and casualty insurance, whereby the County cost, if any, and employee contributions are deposited in a trust fund from which claims, if any, will be paid. During 2008, deposits amounted to \$27,002,816, and payments for claims amounted to \$28,883,447. The liability, which is not based on an actuarial analysis, is \$885,419.

In addition, excess coverage is maintained for general liability, worker's compensation and property and casualty.

P. SUBSEQUENT EVENTS

The County authorized court house construction bonds in the amount of \$76 million and sold said bonds dated August 13, 2009. The County also sold \$36,485,000 of bonds that were authorized in December of 2008. These bonds were included with the bonds and notes authorized but not issued as of December 31, 2008.

On December 10, 2009, the County adopted its 2009 Capital Program in the amount of \$31,895,856. This action authorized the issuance of \$30,226,063 in bonds.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH
 REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM
 AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE
 WITH OMB CIRCULAR A-133 AND STATE OF NEW JERSEY
 CIRCULAR LETTER 04-04 OMB**

The Honorable County Executive and Members of the Board of Chosen Freeholders
 County of Mercer, State of New Jersey

Compliance

We have audited the compliance of the County of Mercer, State of New Jersey (the "County") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Circular A-133 Compliance Supplement and State of New Jersey's State Grant Compliance Supplement that are applicable to each of its major federal and state programs for the year ended December 31, 2008. The County's major federal and state programs are identified in the "Summary of Auditors' Results" section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and State of New Jersey Circular Letter 04-04-OMB. Those standards, OMB Circular A-133 and Circular Letter 04-04-OMB require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND
STATE OF NEW JERSEY CIRCULAR LETTER 04-04 OMB (CONTINUED)**

Compliance (Continued)

In our opinion, County of Mercer complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal and state programs for the year ended December 31, 2008. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements that is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2008-04.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal and state programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal or state program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal or state program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

COUNTY OF MERCER, NEW JERSEY

**NOTES TO SCHEDULES OF EXPENDITURES
OF FEDERAL AND STATE AWARDS
YEAR ENDED DECEMBER 31, 2008**

Note 1. Basis of Presentation

The accompanying schedules of expenditures of federal and state awards include the federal and state grant activity of the County of Mercer (“the County”) and are presented on the modified accrual basis of accounting. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and State of New Jersey OMB Circular Letter 04-04.

The County of Mercer, New Jersey is the prime sponsor and subrecipient of various federal and state grant funds. The County has designated the administration of grant programs and the reporting function to various departments within the County. Substantially all grant and program cash funds are co-mingled with the County’s other funds, although each grant is accounted for separately within the County’s financial records; however, the County maintains separate accounts where required. The County Treasurer’s office performs accounting functions for all grants, and the various departments also perform accounting functions for the grants received by said departments.

COUNTY OF MERCER, NEW JERSEY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Section II – Financial Statement Findings

Finding 2008-01

Criteria

New Jersey Technical Directive #85-2 requires a detailed Fixed Asset Account Group ledger be maintained and updated annually.

Condition

A detailed Fixed Asset Account Group ledger is not being maintained as required under technical directive #85-2.

Cause

The County has not implemented procedures to track fixed asset additions and deletions on an ongoing basis.

Effect

Fixed Asset Account Group balance is not supported by a detailed ledger.

Recommendation

We recommend that the County implement procedures to track additions and deletions of Fixed Assets. First, as opposed to informal “off-file” Excel files, we suggest that the Finance Department explore ways to either integrate the Fixed Asset Account Group into its general ledger system or develop a separate sub-ledger. Second, the Current Fund general ledger system should be modified to flag expenditures that should ultimately be reflected in the Fixed Assets Account Group.

Management's Response

We are purchasing an upgrade to our current financial package that will accomplish this goal.

Finding 2008-02

Criteria

New Jersey Administrative Code N.J.A.C 5:30-5.3 requires a chief financial officer be responsible for determining the availability of sufficient funds for all contracts and amendments thereto.

Condition

We were unable to examine certificate of availability of funds for five bid contracts awarded under Local Public Contract Laws.

Cause

We were not provided with eight certificates of availability of funds documents for audit.

Effect

The certificate of availability of funds requirement could not be determined in these instances.

COUNTY OF MERCER, NEW JERSEY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Section II – Financial Statement Findings (Continued)

Finding 2008-02 (Continued)

Recommendation

We recommend that the County maintain copies of all certificate of availability of fund documents to comply with the requirement stated by N.J.A.C 5:30-5.3.

Management's Response

We will improve our internal procedures to ensure documents are available for inspection. In addition, the County maintains a compensating control which requires a requisition be entered into the system to encumber the funds prior to actual award by the Freeholders.

Finding 2008-03

Grants Receivable and Improvement authorizations

Criteria

Certain grant receivable and improvement authorization should be evaluated annually to determine collectability of grant and cancellation of improvement authorization and adjusted accordingly.

Condition

There are certain grant receivables that may not be collectible and improvement authorizations that should be cancelled.

Cause

Inadequate monitoring of grant balances and improvement authorizations.

Effect

An overstatement of the grants receivable and improvement authorizations.

Recommendation

The County should continue to review old grants receivable and improvement authorization balances and either pursue collection of receivables and cancel improvement authorization balances where appropriate, and where necessary, include appropriations in the County annual budget.

Management's Response

The County will continue to take great care to ensure that we do not cancel receivables for which we deem may still be collectable.

COUNTY OF MERCER, NEW JERSEY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)
YEAR ENDED DECEMBER 31, 2008

Section III – Federal and State Award Findings

Finding 2008-04

Program

Applicable to all Federal Programs

Criteria

Form SF-SAC, Data Collection Form for reporting on audits of states, local governments and non-profit organizations, is required to be submitted along with the reporting package within the earlier of 30 days after receipt of the auditors' report, or 9 months after the end of the audit period.

Condition

The County did not file their data collection form meeting the above filing guideline.

Context

Audited financial statements must be completed timely to meet the data collection form filing guideline.

Effect

This results in noncompliance with the Terms of OMB Circular A-133 compliance reporting requirements.

Cause

The County's December 31, 2008, fiscal year-end audit was not completed timely, thus not allowing for a timely filing of the data collection form.

Recommendation

The financial statements be completed timely to meet the data collection form filing guideline.

Management's Response

The County will take all necessary steps to ensure that the single audit is completed on a timely basis.

Questioned Costs

None

COUNTY OF MERCER, NEW JERSEY

GENERAL COMMENTS DECEMBER 31, 2008

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states, "Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost of the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting institution after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of the amount set forth in, or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 except by contract or agreement." This amount was \$17,500 during 2008.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed \$17,500 during 2008. Where a question arises as to whether any contract or agreement might result in a violation of the statute, the County counsel's opinion should be sought before a commitment is made.

It is also noted that, as an alternative to public advertising, the County uses state contracts.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Any interpretation as to possible violation of the N.J.S. 40A:11-4 and N.J.A.C. 5:30-14 would be in the province of the County solicitor.

Collection of Interest on Delinquent Taxes

Pursuant to R.S. 54:4-74, County taxes are due and payable in quarterly installments on the 15th day of February, May, August and November. R.S. 54:4-76 provides that interest at the rate of 6% per annum shall be due and payable by any municipality for nonpayment of taxes on or before the due date. A review of the Treasurer's records revealed that compliance with the aforementioned law and regulations was noted for items tested.

Investment of Available Funds

The County had most of its available funds invested in interest-bearing investments or accounts during 2008. Earnings from interest on investments and deposits are shown as revenue in the various accounts and funds of the County for 2008.

The County has adopted a formal cash management plan policy in compliance with N.J.S.A. 40 A:5-14 of the Local Fiscal Affairs Law, which requires that every local unit shall adopt a "Cash Management Plan" and shall deposit in interest-bearing accounts all available public funds pursuant to the plan.

COUNTY OF MERCER, NEW JERSEY
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS

Finding 07-01

During the year 2006, the County completed a fixed assets inventory and recorded these assets in the Fixed Assets Account Group. However, the inventory has not been updated during the current year for acquisitions that should be capitalized and for any current year deletions.

As of December 31, 2008 this finding has not been resolved. Please refer to current year finding 2008-01.

Recommendation

The County should continue to review asset acquisitions on a current basis and update the fixed assets inventory on an annual basis.

Finding 07-02

Although certain grants receivable and improvement authorization balances have been resolved, there still remain some prior years' balances.

Recommendation

The County should continue to review old grants receivable and improvement authorization balances and either pursue collection of receivables and cancel improvement authorization balances where appropriate, and where necessary, include appropriations in the County annual budget.

Status - See Findings 2008-01 and 2008-03.
