Message from the County Executive

Since the first Earth Day in 1970, citizens have become accustomed to the ethic of Reduce, Reuse and Recycle and the recycling logo. Many of us focus on recycling to the exclusion of the imperative to Reduce and Reuse. Recycling is market driven and the challenges to recycling are as great today as they have ever been. Nevertheless, each of us, as consumers, should consider our behaviors and seek to Reduce and Reuse before Recycling.

This guide offers suggestions for the disposal of a variety of items that cannot be recycled through Mercer County curbside collection. Many of the recommendations are opportunities for reuse of materials by others; some are chances to see objects recycled into another form.

Regardless of your approach, this effort seeks to empower Mercer County residents to reduce the trash that will end up in a landfill and, instead, make personal choices that will improve our community and the environment.

All of the information included in this guide has been confirmed as of the date of release. However, please contact the program provider before sending any materials. We welcome additional information for inclusion in this guide and corrections/updates from your experience. Please email them to sustainability@mercercounty.org.

A handwritten signature in black ink, reading "Brian M. Hughes". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Brian M. Hughes
Mercer County Executive

Uncommon Items

 - **Location closest to Mercer County: Montgomery Township Recycling, 12 Harlingen Road, Belle Mead, NJ 08502 (limited drop-off hours)**

VHS Tapes

- [Monmouth Recycling](#)
 - Accepts VHS tapes/cassettes to be recycled at 50 cents a pound
 - **Location in New Jersey: 3250 Shafto Road, Tinton Falls**

Wine Corks (natural, not synthetic)

- [Sustainable Princeton](#)
 - See page 23 for more information
- [Whole Foods](#)
 - Cork donation box
 - **Locations: Windsor Green Shopping Center**
- [Recork](#)
 - Must be a package of 15 pounds (1,500 corks) or heavier for corks to be accepted
 - *Mail Program*

Wire Clothes Hangers

- Most dry cleaners will accept donations of wire hangers with the paper, plastic, foam and cardboard removed

County, Municipal and Local Programs

[Mercer County Improvement Authority – Household Hazardous Waste & Electronics](#)

- Items Accepted:
 - Electronics: computers, laptops, mainframes/servers, cables/wiring, copiers, fax machines, monitors, keyboards, mice, stereo/video equipment, cell phones, telephones, toner cartridges, typewriters, printers, scanners, controllers, lab/test equipment, computer speakers, televisions, laptop batteries, APC/UPS
 - Hazardous Waste: aerosol cans, used motor oil, lead/acid batteries, kerosene, propane gas tanks, pesticides/herbicides, fertilizer, car batteries, rechargeable batteries, paint thinner, oil-based paint, stains/varnishes, gasoline, anti-freeze, driveway sealer, insect repellent, mercury, fluorescent/Halogen/CFL bulbs, fire extinguishers, surge plugs, car flares
- Not Accepted:
 - Electronics: household appliances, refrigerators, freezers, air-conditioning units, dehumidifiers, smoke detectors, carbon monoxide detectors, washing machines, dryers, dishwashers
 - Hazardous Waste: latex/acrylic paint, heating oil, infectious waste, radioactive material, explosives/munitions, railroad ties, asbestos, tires, wood, fencing, air conditioners, helium/oxygen tanks, humidifiers, dehumidifiers, unknowns, solar lights, wheelchair batteries, kerosene heaters

[East Windsor Recycling](#)

- Electronics Recycling: Residents can drop off electronic recycling, Monday through Friday, from 7 a.m. to 3 p.m., excluding holidays, at the Township Public Works facility located at the corner of Ward Street and Etra Road. For questions on a specific item not listed, contact Public Works at 609-443-4000, ext. 215 or by email at dpw@east-windsor.nj.us.
- White Goods Recycling: White goods curbside pickup is performed on the third Wednesday of each month for the entire Garbage District. White goods materials consist of stoves, refrigerators, clothes washers, clothes dryers, dishwashers, hot water heaters, other metal-jacketed appliances and steel.
- Cellular Phone Recycling: Cell phones can be dropped off at the Municipal Building, located at 16 Lanning Blvd., East Windsor, and the East Windsor Police/Court Building located at One Mile Road, East Windsor. Any questions, call Public Works at 609-443-4000, ext. 215.
- Other Recycling Services: Residents may drop off the following items at the Public Works facility on Ward Street, Monday through Friday between 7 a.m. and 3 p.m.
 - Computers, televisions, and all other electronics
 - Car batteries
 - Standard-size automobile tires, without rims. No commercial tires are accepted. Dealers, garages or other businesses may not drop off tires at this site.
 - White Goods drop-off is available for residents who do not wish to wait for the third Wednesday of the month for white goods collection. White goods drop-off is also available to any township resident who is not within the garbage district.

Ewing Bulk Waste

- Each Ewing address is entitled to 12 NO FEE bulk waste drop-off visits to the Convenience Center on 136 Scotch Road per year as of March 1, 2019.

Hamilton Ecological Facility (open only to Hamilton residents)

- Items Accepted Without Fee:
 - Televisions, leaves, unpainted/untreated wood, junk/office mail, tires (rims removed, no commercial tires), auto batteries, motor oil, cell phones, DVD/VCR players, computer equipment, brush, newspapers, cardboard, grass clippings (no commercial), metal items, concrete/cinder blocks/bricks
- Items Accepted With Fee:
 - Commercial vehicles

Hightstown Borough – Public Works

- Bulk items are collected the last Monday of each month by appointment only. All inquiries and/or to schedule a pickup, contact Public Works at 609-490-5115.

Hopewell Borough – Public Works

- Car Batteries: Public Works Department will pick up old car and lawn equipment batteries, by appointment only.
- Bulk Trash & Electronics: Except for the traditional one-day-only town-wide bulk pickup day announced each year (typically in June – and not guaranteed – scheduled each spring based on funding availability), the Borough DOES NOT collect bulk trash items as part of the municipal waste collection contract.

Hopewell Township – Public Works

- Electronic Recycling
 - Camera equipment, central processing units, circuit boards, copiers, electric wire, fax machines, keyboards, laptops/peripherals, microwave ovens, mouse, networking equipment, phones, printers, scanners, stereo equipment, televisions, VCRs
- Curbside Collections of Freon Appliances
 - \$25 fee per appliance
- Curbside Collection of Tires
 - \$3 per tire smaller than 16 inches and \$10 per tire larger than

Lawrence Township – Curbside Organic Waste

Cost of \$38.50 per month, residents receive a 32-gallon recycle cart where they can put all organic waste (items made through grown materials) to be delivered to local farms for composting

- Items Accepted: Raw food, scraps, cooked food, meat, bones, paper towels, pizza boxes, fruit and vegetable peels, litter box material, coffee grounds, tea bags, fish, egg shells, egg cartons (non-Styrofoam), waxed cardboard, oils, fats, butters, brown paper bags, paper take-out containers, newspapers, office paper, fruit and nuts, breads, pasta, grains, liquids and sauces, houseplants and flower bouquets, dairy products

Pennington Farmers Market

- The [Hopewell Valley Green Team](#) collects items to be recycled or upcycled. Check on website for event times
 - Items Accepted
 - stick deodorant containers
 - Brita & Pur water filters
 - Styrofoam egg cartons
 - CDs/DVDs
 - wine bottle corks (not synthetic)
 - oral care product packages
 - button/cell batteries
 - cell phones, MP3 players, chargers, digital cameras, tablets, Bluetooth devices

Pennington Borough – Sticker Program

- Stickers may be purchased at the Pennington Borough Hall and placed on items -- each sticker covers around 40 pounds. After stickers are affixed on bulk items they're cleared to be picked up with regular trash on your scheduled day.
 - Items Accepted:
 - Tires – 1 sticker
 - Computers – 3 stickers
 - Televisions – 3 to 5 depending on size
 - Washer – 5 stickers
 - Dryer – 4 stickers
 - Refrigerator, freezer, dehumidifier, air conditioner – 8 stickers

Sustainable Princeton

- Periodically, Sustainable Princeton hosts “Don’t Be Idle, Let’s Upcycle!”, a waste collection event where the organization finds upcycling and recycling opportunities for many hard to recycle items.
 - Items Accepted
 - Batteries
 - Bikes
 - Block Styrofoam and packing peanuts (must be brought in a sealed bag as to not spread debris)
 - Cell phones/tablets
 - Printer cartridges
 - Pill bottles (remove all labels)
 - Wine corks

Robbinsville Township Public Works

- Car/boat/wet cell batteries -- drop off at Public Works only
- Rechargeable, Nickel Cadmium (Ni-Cd), Nickel Metal Hydride (Ni-MH), Lithium Ion (Li-ion), Nickel Zinc (Ni-Zn), and Small Sealed Lead (SSLA-PB), example: watch, cell phone, power tools and camera batteries – drop-off locations at Public Works and Senior Center

- Computers / printers / monitors and computer accessories -- call Public Works at 609-259-0422 to schedule a pickup the last Wednesday of each month or you may drop them off at Public Works
- Tires -- must be off the rim -- drop off at Public Works only

[West Windsor – Electronics](#)

- Electronics can be recycled at West Windsor Dumpster Day events

[Trenton City Public Works Department](#)

- The Division of Solid Waste Management offers a special pickup for large bulk items. Bulk items include furniture and household appliances. For more information or to schedule an appointment for a special pickup, please call 609-989-3175, Monday through Friday, 7:30 a.m. to 3:30 p.m.

Types of Plastic

Within each chasing arrows triangle, there is a number which ranges from one to seven. The purpose of the number is to identify the type of plastic used for the product, and not all plastics are recyclable or even reusable. There are numerous plastic-based products that cannot break down and cannot be recycled.

polyethylene terephthalate	high-density polyethylene	polyvinyl chloride	low-density polyethylene	polypropylene	polystyrene	other plastics, including acrylic, polycarbonate, polyactic fibers, nylon, fiberglass
soft drink bottles, mineral water, fruit juice container, cooking oil	milk jugs, cleaning agents, laundry detergents, bleaching agents, shampoo bottles, washing and shower soaps	trays for sweets, fruit, plastic packing (bubble foil) and food foils to wrap the foodstuff	crushed bottles, shopping bags, highly-resistant sacks and most of the wrappings	furniture, consumers, luggage, toys as well as bumpers, lining and external borders of the cars	toys, hard packing, refrigerator trays, cosmetic bags, costume jewellery, CD cases, vending cups	

What is TerraCycle?

What is TerraCycle?

TerraCycle is a privately owned recycling company headquartered in Trenton, New Jersey. Its business model depends upon curbside collection program to collect non-recyclable pre-consumer and post-consumer waste, and then partners with corporate donors or municipalities to turn it into raw material to be used in new products. The company licenses its name to manufacturers of roughly 200 products made using its raw material.

What is the difference between the Paid or Free programs?

While free programs are sponsored through a certain corporation to cover the fees, the paid Zero-Waste Boxes are not; thus the cost of recycling is upon the consumers themselves. However, they have many beneficial programs to recycle common household/work items and can be implemented in community zones or office buildings. Find out more [here](#).

Below are examples of what type of items can be recycled through the paid Zero-Waste Box programs.

- Alkaline batteries
- Stuffed toys
- Coffee capsules (K-Cups)
- Laminated paper packaging
- Disposable gloves
- Hotel amenity bottles

What is the TerraCycle Home program?

The TerraCycle home program allows users to recycle 20 different waste streams that are typically not accepted in municipal curbside recycling programs. This is a curbside service that requires a subscription. For more information visit the TerraCycle Home [website](#). Items accepted include:

- | | |
|--------------------------|--------------------------------|
| • Cigarette butts | • Oral care packaging |
| • Used cleaning supplies | • Plastic bottle caps |
| • Coffee capsules | • All plastic packaging |
| • Corks | • Party supplies & disposables |
| • Cosmetics packaging | • Pet food packaging |
| • Eyewear | • PPE (masks & gloves) |
| • Fabrics & clothing | • Shoes & footwear |
| • Food & drink pouches | • Sporting goods |
| • Ink & toner cartridges | • Styrofoam™ |
| • Media storage | • Toys |
| • Milk & juice cartons | • Water filters |
| • Office supplies | • Wires & cords |

What is the TerraCycle points program?

Members of TerraCycle's free recycling programs are automatically enrolled in the TerraCycle Points Program. For each shipment sent in, there is the opportunity to earn points that can then be redeemed in a form of donation towards a choice charity. For a list of charities, [please click here](#).

Please note that because TerraCycle works with different companies to create recycling programs, the length of each program varies. The TerraCycle programs included in this guide are up to date as of release of this guide. However, please confirm with TerraCycle before sending any materials.

Materials not accepted in curbside recycling

There are many common-day objects that people recycle thinking they can be reused but they cannot. Some of these objects can be recycled through different means.

- ❖ Aerosol Cans
 - Since spray cans also contain propellants and chemicals, they are treated as hazardous material.
- ❖ Aluminum Foil/Baking Pans
- ❖ Bandage Tins & Cookie Tins
- ❖ Brightly Dyed Paper
 - Strong paper dyes work just like that red sock in your white laundry.
- ❖ Bulky Plastics
 - Kid toys, laundry baskets, plastic furniture, etc.
- ❖ Carbon & Waxed Paper
- ❖ Ceramics & Pottery
- ❖ Clothes Hangers
 - Wire hangers: Most recycling centers don't have the capability to recycle wire. However, most dry cleaners will accept donations of wire hangers with the paper, plastic, foam and cardboard removed.
- ❖ Coffee K-Cups
- ❖ Diapers
 - It is not commercially feasible to reclaim the paper and plastic in disposable diapers.
- ❖ Drinking Glasses, Dishes & Broken Window Glass
 - Bottles and jars are recyclable.
- ❖ Hardcover Books
 - Can be recycled if the book cover has been removed.
- ❖ Light Bulbs
- ❖ Motor Oil & Anti-Freeze Containers
 - Can be recycled through the Mercer County Improvement Authority (see more information on page 21)
- ❖ Paper Lunch Bags
- ❖ Packing Peanuts
- ❖ Plastic Bags
 - Even if stated as recyclable, plastic bags cannot be placed in your curbside bucket; they clog and break the machines.
- ❖ Plastic Beverage Caps
 - Most caps are not made of the same type of plastic as the bottle; they are usually #5. Caps should be removed and thrown in trash.
- ❖ Plastic Utensils
- ❖ Plastics with #3 - #7 Symbols
 - Plastics #1 and #2 can be placed in curbside bucket, however.
- ❖ Pizza Boxes
 - Can be composted but **cannot** be placed in your curbside bucket, even if there is no grease.
- ❖ Styrofoam

- ❖ Takeout containers
 - Plastic containers that contained food can't be recycled unless they are thoroughly rinsed out and are #1 or #2 plastics. Oily residue left on the containers makes them unrecyclable.
- ❖ Tissue Paper, Napkins, Paper Plates & Paper Towels
- ❖ Yogurt cups
 - Many centers don't recycle plastics with the #3 through #7.
- ❖ Three-Ring Binders

How to Compost

What is composting?

Composting is a form of waste disposal where organic waste can decompose naturally under oxygen-rich conditions. While similar to fertilizer, which mixes with the soil to feed plants, compost is used to enrich the soil itself giving the plants a much better environment to thrive. Composting is also a great way to reduce food waste and greenhouse gas emissions.

Why should I compost?

There are many reasons to compost – saving money and resources, improving your soil and reducing your impact on the environment. Adding compost to your home garden will not only fertilize your soil but feed it which in turn will help plants grow.

How can I compost?

There are just two easy steps when setting up your compost.

1. Find a bin made of durable plastic or metal and place it outside
2. Add your green and brown materials in as you go along your daily life

The material at the bottom of the bin will be the first to decompose and be ready for gardening use.

What can I compost?

All compostable materials are either nitrogen-based or carbon-based; in order to have odor-free, healthy compost, the mix should be one-third green (nitrogen-based) compost, to every two-thirds of brown (carbon-based) compost.

- Examples of nitrogen-based
 - Coffee grounds and filters
 - Seaweed
 - Fresh leaves and plants
 - Grass clippings
 - Animal hair
 - Fruits and vegetables
- Examples of Carbon-based
 - Dry leaves
 - Straw
 - Wood ash
 - Dried grass
 - 100% cotton fabrics
 - Corncobs
 - Eggshells
 - Cardboard
 - Shredded paper
 - Newspaper
